

I. SECONDARY SUMMER SESSION PROGRAM

The summer session program on the secondary level has been adapted to meet two needs:

1. To offer a summer tutoring session to Manzanar school children for directed study and subject tutoring. These children must have text books to be admitted to tutoring classes.
2. To offer an activity school for those secondary students who do not have text books. The activity school will provide twelve study clubs based on a variety of educational interests.

II. TUTORING PROGRAM

Mess Hall #32
